SPECIAL MENTION – FISDN Saarbrücken 2014/ Germany

The portrait like calmness of Semalu is drifting between the anonymity of the lost promise of the capital city and the proximity of the children between themselves.

NIGHT AWARD – 12th Festival Signes de Nuit 2014/ Paris

The Night Award honors films, which are able to balance ambiguity and complexity characterized by enigmatic mysteriousness and subtleness, which keeps mind and consideration moving.

GOLDEN LADYBUG AWARD – Sremfilmfest 2014, Sremska Mitrovica/ Serbia

BEST EXPERIMENTAL FILM AWARD – Tabor Film Festival 2013/ Croatia

For its powerfully poetic depiction of a lost childhood in a huge, artificial and dehumanized structure of cement and mud. In this monstrous architecture that devours dreams, the director captures and constructs haunting images of a decayed future.

BEST OF SHOW AWARD – West Virginia Short Film Festival 2013/ USA
